Deeptech Startups(ES) |Technology Transfer| VNCI Scholar| LSS GB
Hyderabad

Summary

"Radical or not, innovation is paramount when change is inevitable"
|Seeking potential founders & changemakers|

Empowering Deeptech startups across Hyderabad through work and offsite support, driven by motivation and zeal to thrive in the evolving world.

Eager to learn, ping to give some food for thought!

Check out my Blog series here: <https://cie.iiit.ac.in/startup-gyan/> and here: <https://cie.iiit.ac.in/startup-jukebox/>

A significant contributor to my previous company, curiously interested in working for new projects with impact on Emerging Technology and Innovation, Production efficiency, Environment, Energy and Climate Change-say Sustainability. Also, service to Humanity, stand for a cause that I believe in.
